

Nebraska Department of Revenue

Distributed to local government subdivisions

This booklet was prepared by the Nebraska Department of Revenue pursuant to Section 77-1704.01, R.R.S. 2003, for distribution to Nebraska taxpayers.

Section One contains a schedule for each of the 93 counties which lists the political subdivisions receiving state aid. Each schedule includes the net amount of property taxes levied in 2003 for collection in 2004, and the amount of general fund aid from various state sources for fiscal year 2003-04. Net property taxes are total property taxes levied less homestead exemptions. Additional 2003-04 allocations to political subdivisions of each county for which detailed information was not available are listed separately.

Section Two includes a tabulation of specific aid programs funded by the Legislature from state revenue sources and a summary of the state aid paid to the political subdivisions within each county. Also included is a table of tangible property taxes levied from 1978 to 2003.

This report is one of the department's publications available on the Internet at **www.revenue.state.ne.us**. If, after reviewing this report, you have any questions concerning its content or any related area, please feel free to contact Research Services, Nebraska Department of Revenue at (402) 471-5699.

Property taxes levied in Nebraska totaled \$2,038,615,704 in 2003. Of that total, 61.5 percent was levied by school districts. The operations of counties, cities and villages, community colleges, and a variety of other governmental entities are also financed primarily by property taxes. Total property taxes levied included \$46,580,543 in homestead exemptions.

The 1997 Legislature passed LB 271, which changed the method of taxing motor vehicles. All responsibilities with regard to motor vehicle taxation was transferred to the county treasurer. So, beginning with tax year 1997, total property taxes levied excludes property tax on motor vehicles.
